OVERLOOK GARDENS

HEALTHY PLANTS

You run no risk of buying unhealthy stock of us. Our plants are all tested by state inspectors each year as the following certificate shows:

No. 3329

STATE OF NEW YORK
DEPARTMENT OF AGRICULTURE AND
MARKETS

C. H. Baldwin, Commissioner

Certificate of Inspection of Nursery Stock

This is to certify that the nursery stock of Overlook Gardens of Central Bridge, County of Schoharie, State of New York, has been duly examined in compliance with the Agriculture and Markets Law and has been found to be apparently free from all injurious insects and plant diseases. This certificate is valid until September 1, 1933.

Dated, Albany, N. Y. September 1, 1932.

C. H. BALDWIN,
Commissioner

OVERLOOK GARDENS

Charles Zicha, Prop.

CENTRAL BRIDGE, N. Y.

Phone 10 - J - 12

SPRING 1933

This year we find every Department Store, Ten Cent Store and Grocery Store selling Nursery Stock and it is difficult to resist buying when the plants are marked so low in price. But, as in other merchandise you generally get exactly what you pay for.

Many of these "Special Bargains" are dead before you buy them because the stores have no experience or place to keep such perishable material. Much of this stuff is mislabeled and named incorrectly. Often these plants are culls that some nurseryman cannot sell to his regular customers because of the small size. All this is palmed off to the public as standard quality.

Buy where you can see the stock growing and where you know that the plants have just come out of the ground. Our stock is alive and is sure to live after you take it home.

— NOTICE —

As a special inducement to our many customers who cannot come after their plants we will ship any order for Perennials amounting to \$2.00 or more Parcel Post or Express Prepaid.

This offer is good only to June 1st.

We do not pay postage on other stock and require 10% extra to cover cost of shipping or we can send by Express Collect.

New & Scarse Perennials

All 15c each - \$1.50 per doz.

ASTILBE SEPTEMBER CHARM

The earliest of all Astilbes to bloom and never gets caught by the first frost as other varieties do. Rather dwarf plants which are covered with bright pink flowers.

CAMPANULA GARGANICA

A dainty miniature plant for rockeries. The small blue starlike blooms literally hiding the foliage of the plants which grow only 4 to 5 inches high.

CHRYSANTHEMUMS

FRANCIS WHITTLESEY and JEAN CUMMINGS

Hardy Mums that are superior to many greenhouse sorts. Real early bloomers with stems that make them ideal for cutting. Jean Cummings is a pure white that has no equal among hardy Chrysanthemums and Francis Whittlesey is a rich garnet red which is a decided improvement in this color.

VIOLA ROSINA

The sweetest scented of all sweet violets and blooms practically all summer. The flowers are a bright pink in color. A small bed will scent a whole garden on summer evenings.

VERONICA INCANA

The foliage of this Veronica is a dusty gray which contrasts well in the rockery with the deep blue flower spikes. Grows about 1 ft. high.

ARMERIA LAUCHEANA

One of the best new perennials for the rockery. The bright rosy red blooms are held about 6 inches above the grasslike foliage. Very free flowering.

Perennial Plants

Our plants are strong, healthy and well rooted. They are fresh dug from the field the day your order is being filled. Every shipment of plants from our Nurseries carries a State Inspection Certificate.

\$1.00 per doz. of one variety, 10c each, except those otherwise designated.

ACHILLEA—PERRY'S WHITE, double white

***MILLEFOLIUM ROSEUM**, rosy pink

***TOMENTOSA**, dwarf yellow flowers

ACONITUM—MONKSHOOD, blue spikes, 15c each

- *RUPESTRIS FLEXUOSA, blue creeper
- *VIOLA—JERSEY GEM**, the best everblooming
 dwarf border or rock plant
 GOLDEN YELLOW, clear yellow
 SUTTON'S APRICOT, beautiful orange
 JERSEY BELLE, lavender form of the popular JERSEY GEM

EUONYMUS

This family contains some of the most interesting plants for landscaping. The two listed below are both climbers with evergreen leaves, that don't drop off, and orange berries. They will climb up chimneys and over walls. Both are very good to use over stones in rockeries. The variegated sort is excellent to use on old stumps or to climb up tree trunks.

EUONYMUS RADICANS VEGETUS—large
 leaf evergreen BITTERSWEET, 15 in.
 each 60c

EUONYMUS RAD. VARIEGATA ARGENT—
 variegated leaf Bittersweet, 15 in.
 each 75c

DAPHNE CNEORUM

An evergreen shrub that has proven very popular for Rock Gardens. The flowers are the sweetest scented in the garden and literally cover the plant each spring and again in the fall. The foliage stays green all winter. Daphne always is dwarf and never exceeds 10 inches or one foot in height

2 yr. plants \$1.00

GREENHOUSE PLANTS

We grow a complete line of Flowering, Foliage and Bedding plants

BEGONIAS

CANAS

VINCA

COLEUS

ROSES

Overlook Gardens' dependable roses are becoming more popular every year. Every rose we sell is potted early in the spring and started into growth. There is no loss in purchasing bushes handled in this manner. We guarantee them to grow.

HYBRID TEA

2 year plants from 5 to 6 in. pots, 60c each, except those otherwise noted. The following list is made up of the best newer varieties and several old sorts that cannot be equalled.

BETTY UPRICHARD—best salmon pink

EDITH NELLIE PERKINS—salmon and orange

ETOILE DE HOLLANDE—best red

FRAU KARL DRUSCHKI—best white rose

GRUSS AN TEPLITZ—crimson, very hardy

MISS ROWENA THOM—fiery rose, mauve

MRS. E. P. THOM — best yellow

PRES. H. HOOVER—NEW, very large flowers combining pink, flame and yellow each 75c

REV. F. PAGE ROBERTS—copper and yellow

SCHWABENLAND— large cerise pink

TALISMAN—yellow, orange and red

CLIMBERS

The following climbers are perfectly hardy, with very large flowers. The old fashioned rambler can't compare with these. Each 50c.

CHAPLIN'S PINK— fine new pink

PRIMROSE—the best yellow climber

OLI. AMERICAN BEAUTY — large pink

EXCELSA—hardiest, deep pink

MARY WALLACE—very large pink

PAUL'S SCARLET—the best climber

SHRUBS

Extra large bushy plants that are sure to please. Department store stock cannot compare with these shrubs. Guaranteed to grow and bloom.

- ALMOND**—double pink, 2 to 3 ft each 60c
- BUTTERFLY BUSH**—SUMMER LILAC 25c
- BEAUTY BUSH**—New, pink blossoms 18" to 24" 60c
- CALYCANTHUS**—SWEET SHRUB 2 to 3 ft. 50c
- CORNUS ELEGANTISSIMA** — VARIEGATED
LEAVED DOGWOOD, white blossoms, 2 to 3
ft. 60c
- CYDONIA**—JAPANESE QUINCE, scarlet 50c

FERTILIZER

Overlook Gardens rotted cow manure is becoming very popular with many gardeners and is the only preparation used to enrich their flower beds and lawns.

For Perennials it is especially beneficial because it does not leach away with the first rain as is the case with many commercial manures.

This is the only fertilizer we use in our own gardens and recommend it to our patrons for all perennials, lawns, and shrubs. Many people have used this during the last few years with excellent results.

This manure is much better than commercial fertilizer and absolutely safe to use on the tenderest plants.

If you have trouble with your lawn try an application of this fertilizer for quick and lasting results and a permanent sod.

ROTTED COW MANURE

Dry, pulverized, well rotted and absolutely without odor. per bu. (about 50 lb.) 50c

Ask for special prices on large amounts.

AQUATICS

Water gardening is becoming very popular lately because of the great enjoyment that can be derived with so little care and expense.

Of course, with large and elaborate pools, magnificent effects can be created; but a small tub sunk into the ground will give as large flowers and as much satisfaction.

A few goldfish and scavengers should always be used to keep the water clean, they also give much pleasure.

Often a young waterlily will have as many as 50 blooms during the season when planted in a small tub.

A sunny location is best for your pool if you want lots of flowers.

The following varieties are good standard sorts and very free bloomers.

CHROMATELLA—the best yellow lily \$1.00

MARLIAC ALBIDA—a very fragrant white \$1.00

MARLIAC PINK—a free blooming shell pink \$1.00

ROSE AREY—a wonderful cerise pink lily \$1.25

WATER HYACINTH—a floating plant having
blue flowers similar to hyacinths each 25c

We also have all kinds of Gold Fish and Scavengers for cleaning the water and marsh plants for planting around pools, such as Cat Tails, etc.

LANDSCAPING

If you want a pool made, an evergreen or shrub planting, your lawn fixed or a rockery built, it will pay you to get our estimate on your needs. We can do as good work as any expert at a much lower figure.
